

because we care

because we care is designed to inform our guests, colleagues and suppliers on measures being taken by The Parkavon Hotel Killarney in adapting to the new norm in Irish hospitality. In light of the covid19 pandemic, the protocols and procedures are developed in line with HSE, HSA, Irish Government and Irish Hotel Federation guidelines, as well as industry best practise.

because we care focuses on health, safety and hygiene in all areas of the hotel. It highlights the cleaning regime throughout the property, outlines the changes one can expect, particularly in relation to dining and leisure - and informs of the new dining concepts to anticipate guest requirement. Guests will notice health & sanitation signage throughout the public areas and we also want to highlight the daily health & safety protocols to be carried out behind the scenes in the hotel.

Our team has engaged with Failte Ireland and implemented the "Safety Charter" in the Hotel. Killarney is a most beautiful location to visit and we are ready to welcome guests to our hotel from June 29th 2020, safe in the knowledge all safety and sanitation procedures are in place to protect the wellbeing of our guests, business partners and colleagues alike.

This is our commitment to you; we are all in this together.
